## Job Title

Flutter Mobile Developer

A passionate mobile developer with 4 years of hands-on experience building high-quality mobile applications using Flutter. Skilled in state management (GetX, Stacked), REST APIs, responsive and RTL design, Firebase, and store deployment for both Android and iOS.

## Education

Bachelor's Degree in Information Technology Engineering

Damascus University – Syria | 2017 – 2021

Graduated with a Good rating.

## Professional Experience

Flutter Developer

Peak Link (on-site) | 2024 – 2025

- Collaborated with a cross-functional team to design and develop mobile applications for different markets.

- Contributed to the following projects:

- Diamondline – Syria: Ride-hailing app (Uber-like) – includes Driver and User apps
- MiaMed – Syria: Warehouse management system for medical product distribution
- WLCD – UAE: Application published on Google Play and App Store
- Book Any Van – United Kingdom: A booking platform for van transport and delivery services
- Beram – Syria: A booking system for flights, trips, and hotels

Flutter Developer

TrendyTech Team (Remote) | 2021 – 2022

- Worked with a full team to build a complete food ordering system

- Developed UI/UX with Adobe XD and implemented Flutter logic

- Integrated Google Maps, Location Services, OTP, Firebase notifications, and RESTful APIs
